Dance on Screen

A Swiss 'première'

An international festival directed and conceived by Valentina Moar, dancer. This forms part of one of the most important contemporary dance competitions and festivals in Europe, and is sponsored by Stadt Graz Kultur (Austria) and Das Land Steiermark Kultur-Europa-Außenbeziehungen. Dance on Screen are short films celebrating the immediacy of dance combined with the intimacy of the camera eye: movies speaking through movement which were danced, choreographed and designed exclusively for the camera. Valentina Moar will introduce each film with a brief presentation.

Teatro San Materno will screen the winner of Dance on Screen 2017, the film which received a special mention by the Hallgrim Hansegård/Frikar dance company as well as a selection of other films presented over two evenings in Graz; artists including Vinicius Cardoso (BRA), Galen Bremer (USA), Natalia Sardi (BEL), Shawna M. Tavsky (MEX), Alikı Chiotaki (GR), Filomena Rusciano (IT).
